

2021 SPONSORSHIP PROGRAM

ABOUT US

The **JACKSON FASTPITCH ASSOCIATION (JFA)** is a non-profit community organization dedicated to providing fastpitch softball opportunities for girls ages 6-18 and all experience levels. Our organization is dedicated to teaching fastpitch softball - the only softball played at the high school, collegiate, Olympic, and professional levels. This is also the only softball style played by most of the other communities in Stark County. The JFA provides clinics, winter training programs, group and private lessons in addition to the full spring season. We are proud to say that this is JFA's 19th year, and last year we had nearly 260 participants! Our success was achieved in no small part due to the community's sponsorship, and we are again asking for community support to make this our best year yet!

JFA is looking for **community minded businesses and individuals** who share our dedication to providing girls with a wonderful opportunity to practice teamwork, get exercise, gain confidence and have fun while learning a sport they can play well into adulthood. 100% of sponsorship donations go toward the use of training facilities, and the purchase of much-needed equipment that can be used for years to come. Your tax-deductible contribution will help fund our association and make our program a huge success!

SPONSORSHIP OPPORTINITIES: For \$350 each sponsor will have their company name and logo placed on our organization's website. We can also list your company's website, if applicable. We will also be printing banners this season for all new sponsors. These banners will hang on the Field #15 fence from May 1, 2021 – October 31, 2021.

Please consider helping us promote good sportsmanship, team spirit, and fun in the hearts of our Jackson girls!

FOR QUESTIONS OR MORE INFORMATION, PLEASE CONTACT:
